Mobile Dental Clinic

Mobile dental continually prove to be successful solutions for rural and urban populations where it's difficult to provide adequate oral healthcare to the community.

The benefits of mobile units not only serves to deliver much needed dental health, but also instills a sense of comfort and support to the community, knowing local institutions care about their health.

Treating patients in their comfort zone close to home, at work, school, retirement communities, business parks, parking lots of retail centers and more.

Patients receive accurate, efficient and friendly quality of treatment from trained and certified medical staff.

Technologically advanced equipment providing most of the same services as fixed dental clinics.

Mobile clinics can be equipped with wheelchair lifts and ramps, panoramic radiography and other imaging equipment.
